FOR RELEASE UPON RECEIPT

Collision Repair Shop Opens in Edward Schneidman Industrial Park

Tillitt Collision Repair is open for business at 2220 Glenayre Way in Quincy. The company, owned and operated by Kerry and Karla Tillitt, is the newest addition to the Edward Schneidman Industrial Park.

Kerry Tillitt, a Shelbina, MO native who has worked in body shops for 15 years, has been running the business on a part-time basis for nearly four years. He and his wife, Karla started looking for a new location months ago in order to grow the business into a full time endeavor and expand into a larger space. They found the perfect fit in a 10,000 sq ft building in the Schneidman Industrial Park. Their services include auto body and glass repair, detailing, restoration and custom paint in addition to other collision repair services. The shop also services large trucks and semis.

They plan to hire additional mechanics and repair workers in the future. Their hours are Monday through Friday 8am to 5pm and Saturday from 8am to 12pm and by appointment. For more information, call Tillitt Collision Repair at 217.214.0635 or visit their page on Facebook.
